

LEGACY™

SUPER TOUGH, MOISTURE-RESISTANT SUB-FLOORING

**Made With
Gorilla Glue
Technology™**

Welcome To Tough. The Strongest, Stiffest Sub-Flooring On The Market Today.

For The Toughest Sub-Floor Jobs On The Planet

Toughness has a new name, and it's LP Legacy™ sub-flooring. It represents over 40 years of manufacturing excellence combined with the legacy and knowledge gained from our LP® TopNotch® product line. The result? A premium sub-flooring that is one of the strongest and stiffest on the market today. What makes LP Legacy sub-flooring so unique is our exclusive collaboration with the Gorilla Glue Company. We are the only company working with Gorilla Glue to bring to market high-performance sub-flooring. This alliance will help builders promote a brand that is universally recognized for its toughness and durability by homeowners everywhere.

An Industry-Changing “Covered Until It’s Covered” Warranty

So confident are we in the toughness of our LP Legacy sub-flooring, our “Covered Until It’s Covered” no-sand warranty clearly communicates what builders need to know—that LP will pay to sand your sub-floor, if necessary, until it’s covered with a finished floor material. Limitations and exclusions apply. For complete details, please see the No-Sand feature in the LP Legacy Lifetime Limited Warranty at LPCorp.com.
